# **CAPABILITY STATEMENT**

TD and Associates provides practical management-system, manufacturing, food-safety, information-security, business-continuity, auditing, training, and fractional leadership support to small and midsized organizations. Services are tailored to each operation, resources, customer requirements, and priorities.

## **CORE CAPABILITIES**

- ISO 9001 quality-management systems and fractional leadership
- Internal and supplier audits, corrective action, and continual improvement
- Quality engineering and launch support, including PPAP, APQP, PFMEA, capability, and MSA
- Supplier quality and manufacturing controls
- SQF and HACCP food-safety systems and workforce training
- ISO/IEC 27001 information-security management-system support
- ISO 22301 business-continuity management-system support

## **ENGAGEMENT OPTIONS**

- Focused projects and system-recovery support
- Annual internal-audit programs and audit preparation
- Ongoing fractional management-system coordination
- On-site, remote, and hybrid consulting and training

## **MANUFACTURING EXPERIENCE**

- Injection molding and flexible plastics
- Machining and general industrial manufacturing
- Metal fabrication, powder coating, and wet coating
- Food, packaging, and food-contact operations

## **QUALIFICATIONS**

- Experienced ISO 9001 Lead Auditor
- SQF Practitioner
- HACCP Train-the-Trainer
- 35+ years of leadership experience
- Retired U.S. Air Force Chief Master Sergeant and Medical Group Superintendent

## **BUSINESS PROFILE**

- Established in 2018
- Veteran-owned and woman-owned small business
- Based in Celina, Ohio
- Serving Ohio, Indiana, and beyond

## **PRACTICAL SUPPORT FOR STRONGER SYSTEMS**

The goal is not more paperwork or a system that only looks good on audit day. The goal is a system that works every day for the operation, the employees, and the customer.
